Catarrh Cured

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready rollef and speedy cure, from the fact it acts through the blood, and thus reaches overy part of the system.

"I suffered with extarrh fifteen years. Took Hood's Barsaparilla and I am not troubled any with extarrh, and my general health is much better." I. W. LILLIS, Postal Clerk Chicago & St. Louis Railroad.

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spend-ing nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. ARBEY, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: lat, the combination of remedial agents; 2d, the proportion; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Bend for book containing additional evidence.

Weekly at †2; in both cases an extra copy with a club of 10.

The campaign just closed found the country in the trough of the political waves. The Republican managers have made the best struggies they could against a state of general apathy. In a few States they have been sided by the inspiring presence of a great leader, whose speeches have awakened almost the only enthusiasm anywhere shown. The result of the campaign is grasifying; its gains are an inspiration; the Democratic losses are a plain guide to the popular drift. From this time forward the country will feel the lift of the advancing wave of 1888, which, if we all do our duty, will sweep out from Washington the masqueraders now in possession, the foes of protection, equality and patriotic government. It is now the duty of all carnest and experienced workers to bend their energies toward united and hearty work for 1888. The party is to be consolidated, cheered and railled. To this work THE TRIBUNE pledges its sealous efforts.

THE TRIBUNE offers for 1887 soveral excellent premiums, including

"The Tribune Book of Open Air

"The Tribune Book of Open Air Sports,"

It is a thorough statement of the present status of Open-Air athletic amusements in America, with sungsettions to beginners, the inles of svery important game, the records of noted contests and the achievements of American Champions. The book will contain about 150 illustrations. Chapters are provided on Archery; Base-ball, with the record of wonderful playing and the League and Association contests, and instructions how to curve a ball; Court Tennis, Lawn Tennis, Football, Cricket, Lacrosse, Racket, Horsemanship, Cross Country Hunting; Yachting, with a discussion of Shop and Cutter and instructions How to Design, Build and Sail a Boat; Rowing, Canoeing, Fishing, Trapping, Swimming, Hunting with Shot-gun and Riffs. Camping-out, Winter Sports, Bioyeling, Amaseur Photography, and a few minor sports. Among the writers who have contributed are William Blaikie, Maurice Thompson, Captain Jacob A. Augur, Cavairy instructor at West Point, David Kirby, Thomas Clapham, General George W. Wingste, Professor George Goldie, Director of Athletics of the New York Athletic Olub; and a large number of private gentlemen throughout the country have furnished facts concerning the wild game and hunting aports of their several localities. No book of this character has ever been put into print in America. It is sufficiently elemental to be a "Goy" Own Book," and answer all the purposes of our manly youth, and yet will also meet the demands of adults. Will be ready for delivery Decumber ist.
